

DÜBBEL & JESSE 66

1982 | 20,00 m | aluminium

BROKER'S COMMENTS

"This Dubbel and Jesse has now been standing on the hard for 7 years. The present owner is selling due to illness after almost getting the yacht ready to sail again. He removed the old deck, treated the aluminium and fitted a new sub deck and tech deck. New Raymarine electronics and various other works were completed in May of 2015. This is a very serious 20M yacht with all the major items in order, a great mini project with a very rewarding end result. She sails beautifully." **John Venner**
