BROKER'S COMMENTS

"Comfort, style, ease of handling and craftsmanship throughout. Her teak decks were retro-fitted by a ships carpenter with solid teak planking. Her electric winches make her very easy to handle under all conditions and circumstances. Being a larger yacht, very much an advantage over other similar yachts. With her bowthruster and a rare stern-thruster handling in the marina when docking, one is always secure. All and all a yacht for the family with three separate cabins and huge owners cabin
