

PRIVATEER 43

1999 | 13,50 m | stahl

BROKER'S COMMENTS

"This yacht was especially built for luxurious cruising through Europe, therefore she has 3 separate cabins. Her low air draught also makes her suitable for the French Canals. Built according to the high standards of the Dutch yachting industry and in a very good state of maintenance (yacht painted in July 2008, cabrio and bimini 2008, davits 2008). Minimum airdraft 2,60 m."

SPEZIFIKATIONEN
