

NAUTITECH 542

2014 | 16,46 m | gfk

BROKER'S COMMENTS

"On the Nautitech 542 Catamaran the sail plan and design of the hull are in perfect harmony, whatever course you are on, the wide cut of the gennaker gives perfect adaptability in combination with the foresail, the widely extended mainsail keeps the ship moving even with a light wind. And with no wind two 75 Hp Yanmar's give a comfortable cruising speed. Everything is very open, spacious as in a luxury loft. Great interior, noble materials wherever you look. Elegance is a main
