

HALLBERG RASSY 382

1986 | 11,60 m | gfk

DE VALK

BROKER'S COMMENTS

"The difference between the HR 38 and HR 382 is definitely more than one might think at first sight. The HR 382 is a more modern design. The hull lines are all-new, more contemporary, incorporating eight years more experience. The hull of the 382 is longer, wider, has a sharper entry, a flatter aft section, deeper, shorter and more efficient keel, as well as more efficient rudder design. 'Liberta Boom' is in our sales marina and can be seen during office hours in Katwoude."
