KOMMENTARE DES MAKLERS

"Red Max" a High-Tech sailing yacht, light weight, comfortable and fast Ocean Cruiser, to be sold by her first and only owner. Designed by Simonis and Voogd. Strong and lightly built o.a.: Kevlar hull, carbon superstructure, interior built in sandwich and honey-core. The first years she sailed a lot of regatta's and now she returned last year from a 8 years circum navigation around the globe. "Red Max" is ready to go but there are many items on board who need attention/upgrades. Viewing is possible in our De Valk Monnickendam sales marina.

Arne Doodeman

TECHNISCHE DATEN

Maße	19.20 x 5.32 x 1,70 / 3.60 (m)	Werft	Holland composites/Standfast
