KOMMENTARE DES MAKLERS

Not been taken care of for some years the boat now needs to be restored. Due to owners health problems price reduced to "give away" price. Buy a piece of history , An eye catcher in any harbour!, Located in Italy. CAN CAN is a gentlemans classic Performance cruiser. Originally built for racing and won 9 of 10 races first year. She even participated in Admirals cup and was 4 in total in Fastnet race. Lots of work and lots of new things were done 2012-2015, For example: - New mast, boom, kick and spinner boom in carbon ordered from PAUGER, Hungary / White for the classic look.

Per Engdahl
