

CLASSIC MY PETTERSSON

DE VALK
YACHT BROKERS

KOMMENTARE DES MAKLERS

This historic boat was designed by Pettersson and is used as a skerry boat. The hull and superstructure were restored according to the old plans until the shell was finished. The Mercedes engine has been newly installed, as well as the shaft. The ship can be extended individually. The current boat builder can be helpful for the extension. An absolute rarity is this unique ship. An eye-catcher on the lakes and seas.

Hartmut Ross
