

## GLOBEMASTER 50

## KOMMENTARE DES MAKLERS

This unique Globemaster 50 is the perfect boat for long voyages or for living aboard. With her clever layout designed by Dutch designer Willem Nieland, every space is used to the maximum. Thanks to a well-insulated hull, double glazing, central heating, airco, and a wood-burning stove, it is pleasant to stay on board. There are two spacious cabins, each with its own en suite bathroom and entrance. In addition, she is self-sufficient thanks to two solar panels. Are you looking for a ship for the voyage of your dreams or to live on the water? Then get in contact with us.

*Julian de Heer*
