BLOEMSMA ZEILKOTTER ALUMINIUM

KOMMENTARE DES MAKLERS

This aluminium-built Bloemsma Cutter was launched at the renowned shipyard in 1994. The ship was built with the aim of making fast and comfortable long journeys, but also suits to sail smaller waterways. In the time between 2020 and 2022 the ship is completely refitted. And among other things, equipped with a new engine, completely repainted, equipped with a new Webasto CV, the batteries renewed and also the upholstery and curtains renewed. The rig and sails are designed to be used in every type of weather. This Bloemsma cutter can be visited in our sales marina in Loosdrecht.

Mark Hesselmans
