BALTIC 52

KOMMENTARE DES MAKLERS

This excellent Baltic 52 is one of the very successful 52 series with two cockpits. It was designed by Sparkman & Stephens & built in 1990 by the quality shipyard BALTIC YACHTS Finland, The 2-cockpit arrangement enables the racing sailor to effectively delegate and spread out crew tasks. When cruising shorthanded, the boat can easily be sailed from the aft cockpit where all the main functions are close at hand to the helmsman and where the genoa sheets are led to the secondary winches.The hull was given long sailing lines for high speeds and a keel with a low centre of gravity for stability
