## KOMMENTARE DES MAKLERS

Being a success immediately after her introduction in 1966, this Riva Junior with her walk around cockpit was the perfect day boat for waterskiing and cruising. This hull number 387 is the last one built in production year 1968 and one out of 609 units in total. It sure has become a good investment these days. The engine has a total of 30 running hours. The upholstery is renewed by a Riva specialist and the bottom was renewed 4 years ago.

*Sjoerd Paddenburg*
