BOARNCRUISER 60 RETRO LINE

KOMMENTARE DES MAKLERS

How about the beautiful classic lines of the Boarncruiser 60 Retro line? For 60 feet, despite her graceful lines, a very spacious live-on-board yacht. She offers all the comfort of home: a wonderful bright salon, a spacious owners' cabin and 2 guest cabins. Central heating, airconditioning, double glazing and insulation make a 365 days stay very pleasant. Also 2 economical engines, hydraulic bow and stern thruster for easy manoeuvring and stabilizers for maximum comfort at sea. Service done Spring 2025; ready to leave from Cartagena.

...ation the wheelhouse becomes part of the saloon. This gives much daylight and a feeling of space. Key to the interior design is style and luxury. In the large living room comfortable sofas and a spacious dining area have been positioned in combination with a fine open kitchen fitted with all possible conveniences.

The owner's cabin abaft is as you would wish: spacious bathroom, air conditioned, audio and video equipment and a large French bed.

The third bedroom is situated amidships. This is fitted with two single berths, which may also be combined to form a double bed. Even this cabin is fitted with its own bathroom. Access to the engine room is in this cabin.
