KOMMENTARE DES MAKLERS

This newly received Jan van Gent 10.35 soft-top is ready to enjoy this summer immediately! She is from the second owner who has put at least as much love into it as the first owner. This Jan van Gent is in very good condition and has had necessary upgrades over the years. Things that have been added include; a raised hood for more headroom inside, new inverter and custom made toppers for a comfortable overnight stay. Her 315 hp Yanmar diesel engine gives great cruising performance. The engine has recently had a service. She is moored at our office in Loosdrecht.

Julian de Heer
