WAUQUIEZ CENTURION 49

KOMMENTARE DES MAKLERS

Wauquiez used the best in components and construction materials in an age where boats were built properly for offshore, overdesigned, instead of meeting a CE certificate. Frog's Leap has been well maintained by its meticulous owner. 3 cabins, 2 heads, triple spreader mast, excellent construction and sailing performance although 18 tons of solidity Significant upgrades: Complete rerig 2024, engine fully rebuilt 2023. Teak removed from top cabin 2014, new transmission 2024, new windlass 2022, new max prop in 2020, three modern Garmin Plotters, 2019 B&G triton displays. Solar upgrades in 2021-2024 with 4 MPTTs. Spectra 12V watermaker, Bow thru
