

BROESDER 1050 KOTTER KAJUITSLOEP

2007 | 10,85 m | steel

BROKER'S COMMENTS

"The Broesder Sloep 1050 is a sturdy Dutch steel motor yacht built by Broesder Jachtbouw in 2007. The yacht has been repainted professionally in 2016 and the engine was overhauled in 2018. The "Saudade" has a large useable cruising area because she is seaworthy but can also go to almost any inland waterway with her shallow air draft of only 1.85m. The open cockpit offers lots of space and below deck there is plenty of room for a comfortable overnight stay." **Nick Lanting**

SPECIFICATIONS
