

ELAN IMPRESSION 434

2005 | 13,41 m | grp

BROKER'S COMMENTS

"This Elan 434 is a really well-thought-out comfortable boat, it seemed that the 434 answers the questions a cruising sailor would ask. The Impression is robustly-built with the bronze and stainless steel through-hull fittings, the keel fastenings or the structure inside the stern supporting the rudder. These features alone set this boat apart and reflect a conscientious attitude to engineering for which the builder should be commended. "
