

VAN DE STADT 40 CARIBBEAN

1994 | 12,30 m | woodcore

BROKER'S COMMENTS

"Built and equipped for long distance cruising, this excellent Caribbean 40 is very suitable. The hull has a heart of wooden laths, instead of balsa and foam. On the in- and outside, these laths have been fixed, diagonal, with fiberglass mats in epoxy. Therefore the yacht has a very rigid and light hull. Nice and spacious interior, lots of stowage space. Easily handled by a small crew. Excellent sailing performance and seaworthy with her fixed doghouse and ample sized cockpit."

SPECIFICATIONS

Dimensions	12,30 x 3,95 x 2,00 (m)
