2000 | 10,82 m | grp

BROKER'S COMMENTS

"Very nice Southernly 110 strongly build under CE certification design category A, with swingkeel that makes her draft variable from 0,72/2,18. Due to her keel she can easily be sailed in shallow waters which will extend your sailing area. Very spacey accomodation area in cherry wood with inside steering position as well. She also has a bowthruster for on spot manouvering in small marinas. "
