

BANJER 37

1971 | 11,13 m | grp

BROKER'S COMMENTS

"Designed by Dick Lefeber as a sturdy, elegant and seaworthy motor sailer in the late sixties the Banjer 37 is probably the most successful design of this type of vessel. A sturdy Dutch-built motor sailor with excellent sea-keeping capabilities, this particular example has been substantially overhauled and cruised extensively in north-western Europe. It is also ideal for cruising inland waterways and could offer a comfortable live-aboard option."
