

GIB SEA 106

1985 | 11,30 m | grp

BROKER'S COMMENTS

"Bigger sistership of the known 96 series from Gib'Sea. Larger accommodations below decks with a large saloon and three full size double cabins, so privacy for everyone in the family. She is fitted with full furling sails, so very easy to handle under sail. It is commonly known that the designs of Joubert & Nivelt have excellent performance under sail. Equipment renewed: upholstery, sails, windows, winches, etc. Complete underwaterpship has been treated in 2003 with new epoxy

SPECIFICATIONS
