

PILOT 44

1995 | 13,70 m | steel

BROKER'S COMMENTS

"To the Med by sea and back through the French canals" the design parameters for the Pilot 44. An instant success upon introduction in 1994. The Pilot 44 has in the meantime set the benchmark for many sea-going motoryachts alike. Ample space (stowage/headroom/living) for prolonged stays onboard, range, privacy and easy maintainance come in a well designed package by the hand of designer Willem Nieland. "
