

## MODERN CUTTER

1986 | 24,90 m | grp

### BROKER'S COMMENTS

"AMIR is a one-off sandwich construction, which was totally rebuilt from top to bottom in 1992-1994 by Jongert in Holland. She is a great blue-water modern cruising cutter with a phenomenal speed potential as well as a spectacular design. The strong rig and modern deck layout allows for easy handling worldwide with few crew. The underwater lines are designed for trans-atlantic racing. "
