

## CROSSOVER 33

2006 | 10,05 m | grp

### BROKER'S COMMENTS

"The Crossover 33 is the ultimate combination between a daycruiser and a sport boat. With an air draft of only 1.50 meters she is capable of cruising underneath most tunnels and bridges, therefore she very suitable to use in the inland waters. Although the Crossover is very capable of doing so, due to the strong sandwich construction and CE-B classification the 33 is also capable of handling coastal waters. The strong Volvo Penta engine in combination with the heckdrive assures a steady drive

### SPECIFICATIONS
