BROKER'S COMMENTS

"The Ruiterskotter is a boat built for comfort and space. She has an incredibly beautiful bow which immediately draws the attention. The back of the ship is equipped with stainless davids, to transport the dinghy properly during your trip. On the deck you will find a large window which brings light into the saloon, this brings a spacious feeling in the boat. The boat is equipped with both inside and outside steering, giving you a good overview."
