1997 | 12,70 m | grp

BROKER'S COMMENTS

"The Victoire 1270 DS "Serendipity" has a sea of space. The GRP fuselage has been built according to the well-known sandwich construction and has been armed with glass mats and uninterrupted roving dreads. Wide water displacement and the high ballast percentage with a well balanced sail plan ensure, even under the heaviest circumstances, quiet and pure sailing. Hull and upper structure freshly painted with superior quality varnish. "
