BROKER'S COMMENTS

"The BALI 4.1 offers a vast cockpit / saloon area, which completely opens up with a huge pivoting glazed door. The retracting or sliding windows offers optimal ventilation. In front, the very seaworthy integral foredeck area link the two hulls and provides rigidity and protection from spray with a very large sunbathing area and a forward cockpit. Upper there is the raised helm station and a very convivial fly bridge. This Bali 4.1 was built in 2020, remain its "new" condition, with 4 cabins and 2
