

TSMY 37M

1997 | 36,30 m | steel

BROKER'S COMMENTS

"Round bilged Twin screw displacement motor yacht "EVANNA" built as a small cruise vessel to sail the inland water ways of Europe with only a headway of a maximum of 6 meters. Her round bilged hull and her stabilizing system make her also perfect for the open sea. Classification of Germanischer Lloyd and German shipping inspection. Approved for 12 quests overnight and daytrips up to 70 persons."

SPECIFICATIONS
