BROKER'S COMMENTS

Designed by Georg Nissen and build by Sunbeam Austria, this centrecockpit cruisingyacht has a lot to go for; good sailperformance and seakeeping, comfortable, safe and build quality. With her length of almost 16 meters the interior space is more than enough for longer comfortable stays on board. Very well equipped (bowthruster, electric winches, heating, etc) and very easy to handle sails and rigging layout with electric winches.
