CATALINA 42

BROKER'S COMMENTS

Conceived as the ultimate Catalina, the 42 interprets the needs and desires expressed by many sailors considering a yacht in the over-forty-foot class. First among these requirements are speed under sail and the easy predictable handling characteristics. An important consideration for many cruising sailors is the ability to realise the boat's performance potential under sail with a short-handed crew. Navigation equipment of 2009, Quantum mainsail of 2005, Sailselect High Aspect of 2009.
