VIKNES 830

BROKER'S COMMENTS

This Viknes 830 built in Scandinavia and therefore certainly suitable for the indoor and outdoor waters. Equipped with two cabins and a pilot house / deck saloon with inside steering position, it is suitable for longer stays on board, even when the weather is less. The spacious cockpit is ideal to be on board with a larger group. The Viknes also has an outside steering position in the cockpit, so you can maneuver comfortably and clearly. It also has a strong bow thruster that can be operated from the inside and outside steering position.

Jochem Heijermans
