BROKER'S COMMENTS

Versatile and cleverly arranged Pedro Levanto 32. The amount of interior and storage space will surprise you. The galley and dinette in the back provide a lot of extra space and can be used as a second cabin for guests. On few other comparable motor yachts you will find such a large owner's cabin with separate shower and toilet. Easy access to engine room and space to work around the engine. With the windows and arch folded down, a vertical clearance of 2.42 meters is created. Her sole owner used her for family trips on the European inland waterways.
