MIDGET 31

BROKER'S COMMENTS

The lines of the Midget 31 have been derived from the classical form of the fishing boats from the north coast of the Danish island Seeland. She is a traditional styled ship on which several people can stay for longer period. She is roomy, comfortable and very much a family cruising yacht. Her interior is very spacious with lots of stowage space. Very sturdy built, delivered with a stronger engine than the standard version.
