GLACER 54.5 PILOTHOUSE

BROKER'S COMMENTS

Custom built pilothouse cutter from the famous Lutje Werft in Germany. For finishing and fitting her out only the best hardware was used. Combine that with German engineering and you get a first class sailing yacht. She handles like a dream form the large yet sheltered cockpit where the helm station can brought into the pilothouse for shelter and safety. Hydraulic sails, winches, bow thruster and winches. Looking for a modern Jongert style yacht? Look no further, "Pia" is your answer.
