## BROKER'S COMMENTS

Iduna is the largest pre-war yacht built at De Vries Shipyard in Aalsmeer (NL) and is a proud member of the Feadship heritage fleet. Extensive refit was carried out from 1999 to 2002 at Cantiere Darsena in Viareggio which is fully documented. Since then she has been meticulously maintained and has undergone the necessary small refits throughout time. She's unique and one of a kind waiting for a new owner who see's how special she is.
