JETTEN 50 MPC-FLY

BROKER'S COMMENTS

Blue water Fly bridge version of the popular Jetten 50 MPC model features a specially designed deeper keel and twin high aspect rudders for optimum performance at following seas. All developed in close cooperation with Vripack naval architects from Sneek, Holland. She is the ideal compact long range motor yacht. Her modern style features an incredible 50% more floor space then traditional designs in this size. She just crossed Biskay and the channel to arrive in Holland at 1720 rev, 8.9 knots and 26 liters/hour.
