BALTIC 43

BROKER'S COMMENTS

Designing a trendsetter, the design team of Judel & Vrolijk took it upon themselves to design a very nice cruiser/racer with this Baltic 43. "Avalon" was built to the highest standard. She features a custom made elliptical fin keel with modified bulb and a 62 hp Yanmar engine . Although powerful, "Avalon" can be handled by a small crew or just alone.The interior incorporated the well known double centre berth owners cabin with ensuite head and further on a spacious galley an very versatile saloon, guest cabin on star- and bathroom on portside and in front a V-berth.
