FLOATING DOCK

BROKER'S COMMENTS

The Floating dock is a unique concept originated from the need to store and haul out vessels in remote areas. She can also be used in areas where a fixed Jetty or dockside mooring is not possible or in waters with strong currents. The Floating dock can be towed to any location and then form a secure mooring for any yacht that fits her size. Her 4 Spud poles anchor her secure to the bottom and ensure she will not move. The Floating dock can also be equipped with a light weight roof construction to form an indoor water garage for your yacht. The Floating dock has a lifting capacity of 60 tons.

Hans Visser

SPECIFICATIONS

Dimensions	23.01 x 7.90 x 1.60 (m)	Builder	
Built	2020	Cabins	
Material	Steel	Berths	
Engine(s)	x no engine	Hp/Kw	0.00 (hp), 0.00 (kw)
Asking price	€ 250.000 (VAT Not paid)	Lying	elsewhere / Not at sales office
