FIGEE STEILSTEVEN

BROKER'S COMMENTS

SO99, build by the famous Figee boatyard as a fast going oil tanker formally known as the 'Esso Holland 99' where she used to supply the oil depots. Nowadays, she has been converted into a spacious and comfortable motor vessel for life aboard or cruising through the European inland waterways. With her two cabins in the front she offers 4 berths, a galley with cooking facilities, and on the colder days the stove keeps the ship comfortably warm. The SO99 can be seen in our sales marina 7 days a week.
