# MACGREGOR 65 PILOTHOUSE

## BROKER'S COMMENTS

The fast MacGregor 65 is designed for worldwide cruising and may be one of the most efficient and comfortable oceangoing yachts available. Easy to sail single handed. The advantage of its hull shape is that the usable width extends for much of the boat's length. Privacy is also a factor. This 65 is one of the latest build, with her raised pilothouse and shoal draft of only 1,80m. This is undoubtedly the most wanted model built by MacGregor.

*Reinier van der Wolf*
