RON HOLLAND MAGNUM 465

BROKER'S COMMENTS

We are pleased to present Wings on Water. A yacht, designed by the famous Ron Holland. She is a solid and fast distance sailor, launched in 2006. Beside offering solid and fast sailing, she also has a spacious interior which provides the comfort you want and expect, like as in a longitudinal galley, a saloon with U settee, two double cabins, one en suite, and additional heads and shower with a full length double bunk cabin along with plenty of cupboard and storage space. So if you like performance sailing but do not want to compromise in comfort and safety, Wings on water is the yacht for you.
