## BEELDSNIJDER PILOTHOUSE SCHOENER 50

DE VALK  
YACHT BROKERS

## BROKER'S COMMENTS

This well-maintained steel deckhouse schooner sailing yacht is designed by Pieter Beeldsnijder. Construction started between 1994/1996, but the yacht was not completely finished until 2004, and is always used by the first owner. She offers style and comfort and has many nice details. A lot of beautiful stainless steel has been placed on the yacht. Her high volume in combination with three sleeping cabins and with her deckhouse configuration makes her ideal for staying on board and for long-term cruising. Is located on fresh water in the South of the Netherlands and can be viewed by appointment

*Marc Weijnenberg*
