ALMKOTTER 1330 AK

BROKER'S COMMENTS

This Almspiegel Kotter 13.30 AK measures more than 14 meters and, given its complete equipment level, is extremely suitable for permanent occupation. Well insulated, double glazed, central heating, air conditioning (2 units) a spacious lounge area and so on. A well-built motor yacht that lets you go away right away. Both exterior and interior are in an above average state. The hull was sprayed in 2017, in a really beautiful dark brown metallic lacquer. If you are looking for a motor yacht (CE: B certified) in these dimensions, you should really have to take a look at this motoryacht
