## BROKER'S COMMENTS

Hamburger Haven Barkas "MS Antje" is built in 1904 and has been completely restored since 2015 by the CMS shipyard in Leeuwarden. If we may believe the stories, MS Antje has been powered by a steam engine in the past, but in 2019 an Abato Old Stock 2006 is responsible for the drive. This Hamburger Haven Barkas is a typical example where old meets new. It is equipped with Kabola central heating, hydraulic steering, Raymarine navigation equipment and a well-insulated superstructure that can accommodate 4 people. This Haven Barkas is also very suitable for cruises and day trips.
