VALKVLET 1030

BROKER'S COMMENTS

The Valkvlet 1030 is builded in 1987 at the well known shipyard P.Valk in Franeker. The large open cockpit is finished with teak which gives the Valkvlet a classic look. Due the low airdraft and equipped with an electric bowthruster the Valkvlet is perfect for sailing the small inland waters. Inside you will find the steering position, a galley and a cabin with a V bed. A long stay on board is no problem.

Koen Mulder
