

HANSE 531E

BROKER'S COMMENTS

This Hanse 531e (epoxy built) is designed by Judel/Vrolijk & co - engineering. The current owner maintained the 531e very well. Inside there is an owners cabin and two guest cabins whereby each cabin has their own bathroom. There is a grand living and a kitchen with two fridges, an oven with furnace, microwave and enough storage space. The Sparcraft mast from this Hanse yacht has Harken battcars and the boom is made from carbon by Park Avenue. Due the gangway it is easy to enter the yacht. A berth in Barcelona is available (for rent).

Juan Sánchez
