## BROKER'S COMMENTS

This 69 foot beauty is designed by the world famous Vripack and built by Kuipers Shipyard. The 76 tons seagoing Doggersbank with a fuel capacity of 14.890 liter, water maker and two stabilizers is very suitable for long distance cruising. A professional equipped cockpit with extensive navigation instruments completed with seat corner, offers a 360 view. The combination of the Doggersbank design and maintenance friendly Esthec deck makes the Vripack Research 69 tough yet elegant.

*Koen Mulder*
