BARKAS 1350

BROKER'S COMMENTS

The Barkas 13.50 is the fourth in range of the successful Barkas types. Starting off in 1988 the designer had a small wish list for his design. A Barkas should be tough looking, good sailing abilities, low engine noice, low consumption, living area on the same level for a clear view for all aboard, center cockpit with a large open aft deck. As every Barkas owner will confirm, the designer did not only manage to do so, he succeeded into perfection! The Barkas 13.50 is the second largest in the range and offers up to 5 berths in 2 cabins, a large saloon, dinette and bathroom.

Koen Mulder
