

FEADSHIP VAN LENT

BROKER'S COMMENTS

This Feadship is an excellent example that after 55 years a ship can still look as if she was launched yesterday. Literally everything on the boat is original and where necessary adapted to modern times without losing its old character. In 2020, a major re-fit took place and the entire hull was blasted and provided with a new paint system. The superstructure was also completely stripped and rebuilt in 2020. This Feadship has been in a boathouse all her life and is in concourse condition.
