BROKER'S COMMENTS

The Aloa 28 is a clever concept and extreme seaworthiness in an 28 footer.The mast is taller and has been fractionally rigged. This improves the trim options and allows one to mount the gooseneck higher. More headroom in the cockpit, even in case of sudden manoeuvres.The sail controls of the Aloa 28 are controlled from the cockpit. Reefing is easy thanks to the single-line reef system. The Yanmar engine feature high power at minimum noise. VAT deductible. This yacht will be auctioned by BVA-Auctions soon with a starting price of € 10.000,- !
